

THE BRECKENRIDGE

Value engineered to stretch both living space and your home buying dollar, the Breckenridge is another spacious design from Bosgraaf. A welcoming foyer greets you as you enter. To the right is a flexible, cozy den, library, music room, or study. Then, a large formal dining room for entertaining. Further into the home, it explodes into a fantastic great room and huge kitchen for gathering the family. A large family entrance and laundry area round out the fabulous, main level of the Breckenridge. Upstairs are 4 bedrooms and a large owner's suite with a huge walk-in closet and dressing area. A second floor family room opens up all kinds of possibilities: game room, home theatre, the list is as long as your imagination.

The Breckenridge is for you!
